Regulatory Peptides, 29 (1990) 290–291
Elsevier

Contents of volume 29

Number 1, 11 June 1990

Antinociceptive and substance P antagonistic effects of intrathecally injected spantide II in rat: no signs of motor impairment or neurotoxicity
Z. Wiesenfeld-Hallin, X.-J. Xu, K. Kristensson, R. Håkanson, D.-M. Feng and K. Folkers (Sweden, U.S.A.) 1

Characterisation of xenopsin immunoreactivity derived from pepsinised human skin and possible mechanism of in vivo generation
D. J. Eedy, C. Shaw, C. F. Johnston and K. D. Buchanan (Northern Ireland) 13

Structural requirements for galanin action in the guinea-pig ileum
A. Kuwahara, T. Ozaki and N. Yanaihara (Japan) 23

Actions of neuropeptide Y on basal, cyclic AMP-induced and neurally evoked ion transport in porcine distal jejunum
D. R. Brown, S. L. Boster, M. F. Overend, A. M. Parsons and B. G. Treder (U.S.A.) 31

Substance P contracts the human iris sphincter: possible modulation by endogenous enkephalinase
J. A. Anderson, B. Malfroy, N. R. Richard, L. Kullerstrand, C. Lucas and P. S. Binder (U.S.A.) 49

Interaction between angiotensin III and α_2-adrenoceptors of the medulla oblongata involved in cardiovascular regulation in the rat
D.-C. Yin, J. Y. H. Chan and S. H. H. Chan (Republic of China) 59

Announcements 73

Numbers 2–3, 30 July 1990

Announcement from the Publisher *iii*

Role of vasoactive intestinal polypeptide (VIP) and endogenous somatostatin on the secretion of epidermal growth factor (EGF): studies on duodenal tissue cultures
R. Zandomeneghi, P. Montanari, L. Serra, C. Pavesi, C. Poppi, U. Baumgartl and L. Bottura (Italy) 75

Distribution of neuropeptide Y in the spinal cords of cat, dog, rat, man and pig
D. R. Roddy, T. L. Yaksh, L. D. Aimone and V. L. W. Go (U.S.A.) 81

The mechanism of action of bombesin on cat lower esophageal sphincter
N. I. Kortesova, V. S. Kimova, V. A. Bagaev and M. P. Papasova (Bulgaria, U.S.S.R.) 93

Infusion of epidermal growth factor in mice: organ distribution and urinary axcretion
D. L. Hwang and A. Lev-Ran (U.S.A.) 103

Interleukin-1 stimulates diglyceride accumulation in the absence of protein kinase C activation
P. R. M. Dobson, H. Skjodt, C. P. Plested, A. D. Short, K. Virdee, R. G. G. Russell and B. L. Brown (U.K.) 109

P. R. M. Dobson, H. Skjodt, C. P. Plested, A. D. Short, K. Virdee, R. G. G. Russell and B. L. Brown (U.K.) 109

Ontogeny of glucagon messenger RNA and encoded precursor in the rat intestine
S.-L. C. Jin, M. A. Hynes and P. K. Lund (U.S.A.) 117

Somatostatin release induced by gastrin-releasing peptide in man. Effect of proximal gastric vagotomy and cholinergic blockade
M. Sjövall, J. J. Holst, L. Olbe and L. Lundell (Sweden, Denmark) 133

Effects of porcine diazepam-binding inhibitor on insulin and glucagon secretion in vitro from the rat endocrine pancreas
C.-G. Östenson, B. Ahrén, S. Karlsson, E. Sandberg and S. Efendic (Sweden) 143

Evaluation of thyrotropin releasing as a therapeutic intervention for endotoxemia
D. J. Brackett, C. F. Schaefer, M. R. Lerner, J. W. Holaday, L. Fagraeus and M. F. Wilson (U.S.A.) 153

Comparative studies on the release of vasopressin and 7B2 from isolated hypothalami
M. S. Venetikou, S. Lacoumenta, M. A. Ghatei, J. M. Burrin and S. R. Bloom (U.K.) 163

VIP-containing nerve fibres in the submandibular gland of the dog and protein secretion in vitro in response to VIP
G. Tobin, A. Luts, F. Sundler and J. Ekström (Sweden) 173

α-Amidation of gastrin is impaired by diethyldithiocarbamate
L. Hilsted (Denmark) 179

Octreotide inhibits increases in short-circuit current induced in rat colon by VIP, substance P, serotonin and aminophylline
J. E. Fassler, T. M. O'Dorisio, H. S. Mekhjian and T. S. Gaginella (U.S.A.) 189

Tonic enhancement of the sensitivity of baroreceptor reflex response by endogenous substance P in the rat
J. Y. H. Chan, C. D. Barnes and S. H. H. Chan (Republic of China, U.S.A.) 199

Differential effects of neuropeptides on coeliac and superior mesenteric blood flows in conscious rats
S. M. Gardiner, A. M. Compton and T. Bennett (U.K.) 215

Isolation and structures of xenopsin-related peptides from rat stomach, liver and brain
R. E. Carraway, S. P. Mitra and K. Muraki (U.S.A.) 229

The amino acid sequence of chymodenin, a hormone-like peptide from porcine duodenum, is identical to cytochrome C-oxidase, peptide VII
H. P. J. Bennett, R. Y. Chang, L. Nelbach and J. W. Adelson (Canada, U.S.A.) 241

Heart rate response to peptide histidine valine in human subjects is not mediated through β receptors
W. A. Lynn, C. M. S. Dixon, Y. Yiangou, S. R. Bloom and P. W. Ind (U.K.) 251

Insulin inhibits lipolytic activity and degradation of β-lipotropin in rabbit adipose tissue
W. O. Richter, B. G. Jacob and P. Schwandt (F.R.G.) 257

Distribution and characterization of diazepam binding inhibitor (DBI) in peripheral tissues of rat
P. Bovolin, J. Schlichting, M. Miyata, C. Ferrarese, A. Guidotti and H. Alho (U.S.A.) 267
